| 08:00 - 08:40 am | **Keynote Lecture:** The interplay between genetics and environment in type I diabetes  
Mikael Knip, Helsinki, Finland |
| 08:40 – 10:00 am | **Epidemiology & environmental triggers**  
Natural history of celiac disease: lessons from at risk pediatric cohorts  
Daniel Agarath, Lund, Sweden |
| 09:00 - 09:20 am | Mechanistic insight into the role of microbiota in intestinal inflammation  
Harry Sokol, Paris, France |
| 09:20 - 09:40 am | Environmental factors: update on the role of gut microbiota in celiac disease  
Berta Verdú, Ontario, Canada |
| 09:40 - 09:50 am | Metagenomic analysis of fecal virome identifies specific enteroviruses and adenoviruses as potential triggers of celiac disease autoimmunity in the TEDDY study  
Kari Lindfors, Tampere, Finland |
| 09:50 - 10:00 am | Cochrane break |
| 10:00 - 10:30 am | **Pathogenesis II**  
Lessons from animal models in celiac disease  
Defile Schupper, Mainz, Germany |
| 11:10 - 11:30 am | Innovative approaches to investigate human gut immune cells in celiac disease?  
Frits Koning, Leiden, Netherlands |
| 11:30 - 11:40 am | Characterisation of Clinical and Immune Reactivity to Barley and Rye and Celiac Disease in Children with Celiac Disease  
Melinda Hardy, Australia |
| 11:40 - 11:50 am | Simultaneous transcriptional characterisation and clonal inference of disease-specific plasma cells in coeliac disease  
Lisa Lindeman, Norway |
| 11:50 - 12:00 pm | The genetic landscape of type II Refractory Celiac Disease and Enteropathy Associated T-Cell Lymphoma reveals recurrent activating mutations of the JAK1/STAT3 axis  
Sascha Cording, Paris, France |
| 12:00 - 01:45 pm | Lunch & poster session |
| 01:45 - 02:05 pm | **Refractory celiac disease, Non celiac disease enteropathies & Lunch & poster session**  
Diagnosis and treatment of refractory celiac disease  
Christopher Colleran, Paris, France |
| 02:05 - 02:25 pm | Diagnosis and treatment of non responsive celiac disease  
Dan Leffler, Boston, United States |
| 02:25 - 02:35 pm | Non celiac disease associated enteropathies and lymphomas  
Joseph Murray, Rochester, United States |
| 02:35 - 02:55 pm | New classification of T intestinal cell lymphoma and targeted treatments  
Olivier Hermentin, Paris, France |
| 02:55 - 03:05 pm | Non-responsive and Refractory Celiac Disease: The Largest UK Experience from the NHS England Rare Diseases Collaborative Network  
Hugo Penny, Sheffield, United Kingdom |
| 03:05 - 03:15 pm | Characterisation of a large cohort of children with non-celiac autoimmune enteropathies  
Fabienne Charbit-Herriot, Paris, France |
| 03:15 - 03:35 pm | **Coffee break** |
| 03:45 - 03:55 pm | The spectrum of gluten associated diseases  
Gluten hypersensitivity: myth or reality?  
Petter Greintz, New York, United States |
| 04:05 - 04:25 pm | Has gluten recently changed in composition or processing? The agronomist’s view  
Christine Schoer, Hannover, Germany |
| 04:25 - 04:45 pm | Extranestestinal manifestations of celiac disease or celiac disease associated diseases  
Jonas Ludwigsson, Stockholm, Sweden |
| 04:45 - 04:55 pm | Post-Mortem Immuno-Pathological Findings in the Cerebellum of Celiac Disease Patients with concomitant Idiopathic Neurological Disorder  
Maxime-Dominique Rourvroy, Amsterdam, Netherlands |
| 04:55 - 05:05 pm | IgA anti-TG c-localization for identification of Celiac Associated Liver Diseases  
Prasenjit Das, New Delhi, India |
| 05:05 - 06:00 pm | Drink & Posters |

## CLINICAL FORUM

### PROGRAM

<table>
<thead>
<tr>

</table>
| 08:00 - 08:15 am | **Difficult diagnosis**  
A patient with positive serology and normal duodenal biopsy  
Govind Mahakaria, New Delhi, India |
| 08:15 - 08:30 am | Histological uncertainties including patients with IEL only on duodenal biopsy  
Umberto Volta, Bologna, Italy |
| 08:30 - 08:45 am | Difficult histological diagnosis: RCD or lymphoma?  
Julie Bruneteau, Paris, France |
| 08:45 - 09:00 am | What to do in a patient already on a GFD?  
Julio Bai, Buenos Aires, Argentina |
| 09:00 - 09:15 am | Viscous atrophy and negative serology or negative HLA-DQ2/8  
Carolina Ciacchi, Salerno, Italy |
| 09:15 - 10:30 am | Symposium sponsored by Dr. Schär |
| 10:45 - 12:05 pm | The gluten free diet beyond the gut  
State-of-the-art lecture: the gluten free diet: safe or dangerous?  
Benjamin Lebwohl, New-York, United States |
| 10:45 - 11:00 am | Are there nutritional consequences of a gluten free diet?  
Nick Trott, Sheffield, United Kingdom |
| 11:10 - 11:25 am | The gluten free diet in neurological disease  
Valerie Abadie, Paris, France |
| 11:25 - 11:40 am | Solving the puzzle of the gluten free diet and Barley in celiac disease  
Harry Sokol, Paris, France |
| 11:40 - 12:05 pm | State-of-the-art lecture: assessing adherence many questions no answers?  
Julio Bai, Agen, New-Aquitaine, France |
| 12:10 - 01:45 pm | Lunch & poster session |
| 01:45 - 02:05 pm | Non-celiac gluten sensitivity & IBS and IBD  
State-of-the-art lecture: how the microbiome will change our practice?  
Harry Sokol, Paris, France |
| 02:05 - 02:25 pm | Update on pathogenesis of NGCS  
Knut E A Lundtøft, Oslo, Norway |
| 02:25 - 02:45 pm | IBS GFD and FODMAPs  
Pauline Jouet, Paris, France |
| 02:45 - 03:00 pm | NGCS, celiac disease and IBS: how to differentiate?  
Umberto Volta, Bologna, Italy |
| 03:00 - 03:45 pm | Cochrane break |
| 03:45 - 05:00 pm | New developments in celiac disease  
How to organize a celiac disease center?  
Chris Mulder, Amsterdam, Netherlands |
| 04:05 - 04:20 pm | Do adult celiac patients need Vitamin D supplementation?  
Carolina Ciacchi, Salerno, Italy |
| 04:20 - 04:40 pm | Prevention of celiac disease: is it possible?  
Riccardo Troncone, Naples, Italy |
| 04:40 - 05:00 pm | Role of celiac association and e-care for patients (AOEICS/ AFDIAG: round table)  
Heidi Urwin, Buckinghamshire, United Kingdom |
| 08:45 - 09:00 am | Dietary intervention in children with type I diabetes  
A patient with positive serology and normal duodenal biopsy  
Govind Mahakaria, New Delhi, India |
| 08:15 - 08:30 am | Histological uncertainties including patients with IEL only on duodenal biopsy  
Umberto Volta, Bologna, Italy |
| 08:30 - 08:45 am | Difficult histological diagnosis: RCD or lymphoma?  
Julie Bruneteau, Paris, France |
| 08:45 - 09:00 am | What to do in a patient already on a GFD?  
Julio Bai, Buenos Aires, Argentina |
| 09:00 - 09:15 am | Viscous atrophy and negative serology or negative HLA-DQ2/8  
Carolina Ciacchi, Salerno, Italy |
| 09:15 - 10:30 am | Symposium sponsored by Dr. Schär |

### Symposium sponsored by Takeda

<table>

</table>
| 12:20 - 01:35 pm | **Imagining the future: how will the celiac disease patient journey change over the next 10 years?**  
Welcome and introduction  
Dan Leffler, Boston, United States |
| 12:20 - 12:25 pm | Will there be a role for endoscopy and biopsy in the diagnosis of celiac disease in 2030?  
David Sanders, Sheffield, United Kingdom |
| 12:25 - 12:40 pm | Will we still be talking about the Gluten-Free diet in 2030?  
Maureen Leonard, Boston, United States |
| 12:40 - 12:55 pm | Will novel technologies revolutionise the way we monitor celiac disease?  
Luca Elli, Milano, Italy |
| 01:10 - 01:20 pm | Panel discussion and Q&A |
| 01:30 - 01:35 pm | Summary and close  
Dan Leffler, Boston, United States |
SATURDAY, SEPTEMBER 7TH, 2019
